

SPECIMEN LABEL
Premium Grade
CONCENTRATED NE 10-1
INSECTICIDE

ACTIVE INGREDIENTS:

Resmethrin..... 1.00%
*INERT INGREDIENTS:..... 99.00%
TOTAL..... 100.00%

*Contains Petroleum Distillate.

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or poison control center immediately. Because of aspiration potential, do not induce vomiting unless under direct medical supervision. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

Precautionary Statements
Hazards to Humans and Domestic Animals

Caution

Harmful if swallowed. Avoid breathing vapor. Avoid contact with skin, eyes or clothing. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water separately from other clothing before reuse. Do not apply directly to processed food. In commercial food handling facilities, processed food and processing equipment should be covered or removed during application. Do not apply as a space spray while food processing is underway. Facilities and equipment in federally inspected meat and poultry plants must be washed with an effective cleaning compound and rinsed with potable water after spraying. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pet birds, and cover fish aquariums before spraying.

First Aid

IF SWALLOWED: Call a physician or poison control center immediately. Because of aspiration potential, do not induce vomiting unless under direct medical supervision. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

SPECIMEN LABEL

Environmental Hazards

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water.

Physical or Chemical Hazards

This formulation is combustible. Extinguish open flame before space spraying. **DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.**

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This spray possesses rapid knock-down properties, when one gallon of the concentrate is diluted with 6/8 gallons of deodorized spray base and applied as a mist filling areas at least ten minutes. Care should be taken not to apply the spray directly to food products.

When used as directed, this material will control the exposed stages of flies, mosquitoes, and gnats. Spray directly on roaches, grain mites, sowbugs, spiders and centipedes. Use this product as a space spray in processing plants only when plant is not in operation. Fill the area with mist for at least ten minutes. Food should be removed or covered during treatment and all processing surfaces thoroughly cleaned before using. Caution: "Do not remain in treated area, and ventilate the area after treatment is completed."

Mix with deodorized spray base at the rate of one gallon of concentrate to 6/8 gallons of deodorized spray base. Agitation is desirable before using. Apply liberally and when possible, directly on the listed insects. However, this spray should not be applied to ceilings or walls near vessels that are to be used for processing foods, since listed insects that are partially paralyzed may drop into the product being processed. In food processing plants, particularly flour and cereal plants, the infested stock should be removed from machines, conveyors, etc., and those areas liberally sprayed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in cool, dry area.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

WARRANTY STATEMENT: Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product is beyond the control of the manufacturer. No guarantee, expressed or implied, is made as to the effect of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such or in combination with other materials
