MAXIMIZED

MORE LENS CHOICES FOR MORE APPLICATIONS.

When first introduced, **MAXIM SET THE STANDARD** with the industry's first dual-aspheric plano lens with prescription-quality clarity, a dual-injected molded frame 15% lighter than competitive models, an ultra high-style design, and an unprecedented list of performance and custom-adjust features.

How do you improve upon perfection? MAXIM and MAXIM Sport are now available with an extended range of lenses – nine in all – to meet more needs for more wearers and more applications.

Now it raises the standard even higher with a wider choice of task-specific lenses.

NEW Mirror
Added style for reduced glare and bright light. Good for outdoor applications.

NEW Minimizer®
For use in low light welding applications. Helps protect against "flash burn".

NEW Arc-Block®
Designed for utility workers. Protects against electrical arc.

NEW Infrared 3.0
Designed for heat applications, metal making, furnace work, etc. Medium tint.

NEW Infrared 5.0
Heat application lens. Darker tint.

Clear
Maximum visual and color recognition.

Amber
Excellent UV absorption, sharpness and contrast.

Bronze
General use sunglass tint for wearer preference.

Indoor/Outdoor
Optimum vision in indoor and outdoor applications. Reduces glare and bright light.

Interchangeable Lenses – MAXIM and MAXIM Sport lenses can be easily changed for wearer preference or environmental application.

All lenses provide 99.99% U.V. Protection.

MAXIM

Style. Comfort. Fit.

- Exceeds Military V₀ Test Regimen for High Velocity Impact, ANSI Z87.1-2003 and CSA Z94.3 High Velocity Tests
- A weight of less than an ounce

Denim

Black

Universal Fit Nosebridge pivots to comfortably fit most nasal profiles. This soft, pliable nosebridge is featured on MAXIM and MAXIM Sport.

Patented 3-Position Pantoscopic Lens Adjustment moves lens up and down on the face for optimum fit and sightline.

Adjustable Temple Lengths helps wearers get the best possible fit for comfort and slip-proof performance.

Dual-Injected Cushion Browguard provides dual benefits because the softness feels good on the head while its density helps absorb energy.

Ventilation Channel Helps Prevent Fog and Heat by channeling warm/moist air out and cool air in for added comfort.

Prescription-Quality Clarity means better sight and less eye strain for longer, complaint-free wear.

Superior Orbital Eye Socket Coverage is made possible with the stylish, wrap-around lens. Virtually no area of the eye is exposed to particulates.

Exclusive DX™ Anti-Fog Hard Coat resists fogging, scratching, static and chemical attack.

MAXIM Sport

Contemporary, Athletic Styling

- Three hot dual-color frame designs
- Sport Grip™ dual-injected temples and browguard with soft elastomeric cushion for an enhanced fit and impact absorption
- Interchangeable lenses
- Exclusive DX™ anti-fog hard coat
- Exceeds Military V₀ Test Regimen for High Velocity Impact, ANSI Z87.1-2003 and CSA Z94.3 High Velocity Tests

Black/Orange

Silver/Blue

Yellow/Blue

Sport-Grip Temple Provides Move-Resistant Fit by gently "hugging" the head – even in hot, moist conditions. Plus it has the added style of a dual-color design.

MAXIM ES

With 6.5 Base Curve Lens

- Soft elastomeric browguard and nosebridge
- Three new translucent frame colors Blue/Gray/Amber
- Clear and gray lenses with anti-fog
- Indoor/outdoor mirror with hard coat
- Exceeds ANSI Z87.1-2003 and CSA Z94.3 High Velocity Tests

Blue

Gray

Amber

MAXIM ES lenses are interchangeable with Maxim ES frames only.
